- Press Release -

Launch of “Email Notification Service”

The Monetary Authority of Macao is pleased to announce the launch of “Email Notification Service” today, which sends e-mails to the public providing updates on our newly released statistics and research reports.

Timely and impartial dissemination of economic and financial information is indispensable for the efficient operation of financial markets. In this regard, the AMCM launches “Email Notification Service” on the 1st of September. Registered subscribers will be notified of new releases of AMCM official statistics and research reports through email in order to ensure the public’s timely access to the latest information posted on our website. This Service also forms part of the AMCM’s plan to strengthen the use of electronic media for disseminating statistics and research reports, so as to reduce paper consumption for hardcopy printing and to work towards the paperless office initiative of the SAR Government.

The “Email Notification Service” is available to the public, including domestic and foreign entities. To sign up for this free service, please visit our webpage at www.amcm.gov.mo.
