

Monetary Authority of Macao – Press Release

Monetary and Financial Statistics – April 2008

According to statistics published today by the Monetary Authority of Macao, on a monthly basis, total deposits in banks dropped slightly in April. Although public sector deposits noted an increase, domestic credit to the private sector rose at a fast pace, resulting in an upsurge in total domestic credit (domestic credit to the private sector + credit to the public sector – public sector deposits).

Money supply

Currency in circulation stayed flat whereas demand deposits declined. M1 thus shrank 6.5% month-to-month. On the other hand, quasi-monetary liabilities grew 0.7%. As a result, the sum of these two items, i.e. M2, dropped slightly by 0.2% to MOP184.8 billion. On an annual basis, M1 and M2 rose 21.8% and 6.1% respectively. In terms of currency structure, the shares of Pataca (MOP) and Hong Kong Dollar (HKD) in M2 stood at 27.8% and 53.3%, up by 0.5 percentage points and by 0.4 percentage points over a month ago, and increased by 0.7 percentage points and declined by 1.0 percentage point over a year earlier respectively.

Deposits

Resident deposits slid 0.2% month-to-month to MOP180.8 billion. Of which, MOP and HKD deposits dropped 2.2% and 0.9% respectively, while other foreign currency deposits rose 4.7%. On the other hand, non-resident deposits amounted to MOP76.6 billion, down 1.5%. As a result, total deposits with Macao banks dropped slightly by 0.6%. The shares of MOP and HKD in total deposits were 19.4% and 44.9% respectively, amounting to MOP50.0 billion and MOP115.5 billion.

Net foreign assets

Net foreign assets held by the Monetary Authority of Macao (AMCM) at end-April 2008 reached MOP128.7 billion, up 1.2% month-to-month or 33.6% year-on-year. Net foreign assets of local banks declined 4.4% from the previous month to MOP88.4 billion.

Domestic credit

Domestic credit to the private sector increased 7.4% month-to-month to MOP82.8 billion; of which, MOP17.4 billion was MOP-denominated and MOP56.3 billion was HKD-denominated, representing 21.0% and 68.1% respectively of the total. Public sector deposits placed with banks and the AMCM totalled MOP77.8 billion, equivalent to an increase of MOP1.7 billion from March 2008. Total domestic credit, after deducting public sector deposits, registered a phenomenal increase of 430.3% to MOP4.9 billion due to the marked increase in domestic credit to the private sector and a slower growth of public sector deposits.

With regard to currency denomination, domestic credit to the private sector in MOP, HKD and other foreign currencies increased by 2.5%, 6.6% and 24.8% respectively. At end-April 2008, the loan-to-deposit ratio for the resident sector grew by 3.0 percentage points month-to-month to 42.9% while the ratio for both resident and non-resident sectors increased to 55.7%, up 5.6 percentage points.
